Letters & Numbers is designed like a book so the child doesn't have to watch 10 minutes of cartoons before the learning begins. It is simple to navigate through the program by clicking on the Next and Back buttons, or the child can use the table of contents or Super Star buttons to go to the song or activity they wish.

Letters & Numbers is a sing-a-long program that features 11 educational songs from Twin Sisters Productions. The words to all of the songs are highlighted as the song is playing reinforcing word familiarization and building reading skills.
