- ★ *Target Grades 3 - and up*

Advanced Level with Sports

Coach Time

Our expert animated coaches introduce each topic, teaching the vital points of phonics while also instructing how to play a sport, making our course a magnetic learning method. These entertaining and interactive tutorials make learning easy and entertaining for students.

Learn the Words - Speed Rounds

Language Arts Review 3a features extensive "Learn the Words" sections, with over 500 words presented in syllables and over 3,000 spoken words in sentences. Students can see and hear each word and its syllables, and see and hear the word used in a sentence. In addition, they can read a word definition, and read the topic rules. Finally there is a "Speed Round". This 1-minute flash card style drill helps students test their understanding of the words. All scores are saved and displayed on the student Progress Report.

Sports Games and Review

Language Arts Review 3a combines our proven phonics teaching techniques with mesmerizing sports games that reinforce, test, and reward students for both making their best effort and mastering the material. From basketball to karate, tennis to cross country running, even downhill skiing to kayaking, our games give immediate feedback to students on their progress - and compelling challenges for them to do even better and win gold medals!

Pre-Test and Post-Test *

Language Arts Review 3a features a pre-test and post-test program to help track the progress of each student and class. Easy-to-read student and class reports can be printed from the student management section. * feature not included in Home Edition

PC and MAC compatible

Language Arts Review 3a - Advanced Level is PC and MAC compatible.

Lab and Network Versions

Lab packs and secure network versions are available. The lab and network versions feature the "Super Star Program and Class Manager", which has many advanced features and controls to make Help Me 2 Learn programs ideal for network and lab use.

Teachers' and Parents' Features

This section includes:

- a) A Student Management System to manage student names and set control features
- b) Print pages for all activities
- c) An explanation of the Gold Medal System and other program features

Guaranteed

Language Arts Review 3a comes with a 90 day - 100% satisfaction guarantee.

Designed for Older Students and Adults

Designed as a review for remedial and at-risk students, Language Arts Review 3a uses young adult characters and sports games to engage students in fundamental language arts skills. Language Arts Review 3a techniques will help the older students and adults improve their reading and comprehension and have a great time doing it.

Motivation and Tracking System

The Help Me 2 Learn - Gold Medal Motivational and Tracking System
Our new "Gold Medal" series features our advanced motivational and tracking system. Students receive a "Certificate of Completion" for completing each "Coach Time" activity. They earn points in each "Learn the Words - Speed Round". And they can earn a bronze, silver or gold medal in each sport game event. All scores are displayed on the Gold Medal Progress Report. A report for each individual student or for the entire classroom can be printed from the Teachers' and Parents' section.
