Coach Time

Our expert animated coaches introduce each topic, teaching the vital points of phonics while also instructing how to play a sport, making our course a magnetic learning method. These entertaining and interactive tutorials make learning easy and entertaining for students.

Learn the Words - Speed Rounds

Phonics 3b features extensive "Learn the Words" sections, with over 500 words presented in syllables and over 3,000 spoken words in sentences. Students can see and hear each word and its syllables, and see and hear the word used in a sentence. In addition, they can read a word definition, and read the topic rules. Finally there is a "Speed Round". This 1-minute flash card style drill helps students test their understanding of the words. All scores are saved and displayed on the student Progress Report.

Sports Games and Review

This program was designed for students who need action and activity to keep their attention. From stock car racing to baseball, pole vaulting to archery, even hockey, bowling and hot air balloons, our games give immediate feedback to students on their progress. Phonics 3b presents compelling challenges that combine education with action and drives the student to do even better and win gold medals!

Pre-Test and Post-Test *

Phonics 3b features a pre-test and post-test program to help track the progress of each student and class. Easy-to-read student and class reports can be printed from the student management section.

PC and MAC compatible

Phonics 3b - Advanced Level II is a PC and MAC compatible program. PC requires Pentium 200 MHz with Windows 98 or higher including Windows Vista. MAC requires G3/G4/G5 processor 500 MHz with OS X version 10.3 - 10.5.

Lab and Network Versions

Lab packs and secure network versions are available. The lab and network versions feature the "HM2L Program and Class Manager", which has many advanced features and controls to make Help Me 2 Learn programs ideal for network and lab use.

Teachers' and Parents' Features

This section includes:

- a) A Student Management System to manage student names and set control features *
- b) Print pages for all activities
- c) An explanation of the Gold Medal System and other program features

Guaranteed

Phonics 3b comes with a 90 day - 100% satisfaction guarantee.

Unique and Exciting

Our unmatched approach weaves standards-based educational concepts, word lists, and engaging interactive tutorials with action-oriented sports games. This unique combination draws students to the learning process, creating a feeling of excitement about learning that enhances the individual, classroom or computer lab experience.

Motivation and Tracking System

The Help Me 2 Learn - Gold Medal Motivational and Tracking System
Our new "Gold Medal" series features our advanced motivational and tracking system. Students receive a "Certificate of Completion" for completing each "Coach Time" activity. They earn points in each "Learn the Words - Speed Round". And they can earn a bronze, silver or gold medal in each sport game event. All scores are displayed on the Gold Medal Progress Report. A report for each individual student or for the entire classroom can be printed from the Teachers' and Parents' section *.
