## 1. Build Your Own Bundle for as low as \$4 per Student

**Pick one title or pick several titles and build your own custom bundle. We take the worry out of managing your subscriptions by making all titles available to all users. Subscribe to the titles you want and for the number of students you want. Generally, you receive one title per 25 students, so that your school will have access to the maximum number of titles. Add a title or several titles to any of the bundles for \$1 per title per student.**

**Follow these 3 easy steps to build your bundle.**

**Step One:** Select the bundle based on the total number of students (users) at your school (all the subscribed users may have access to all of the subscribed titles):
